

When using the Illinois internet OS/OW permit application system to apply for a Permit that is being moved "For Hire" you are required to provide an Illinois Commerce Commission (ICC) Number.

If you are not a permit service, you must include your ICC Number on each "For Hire" Permit Application, however, you may instead register your ICC Number with the Illinois Department of Transportation, Permit Office. By registering your ICC number with this office, it will no longer be necessary for you to include your ICC Number on any future "For Hire" Permit Application. Your number will be automatically inserted on any future permit application generated over the internet.

If you are a permit service, you must enter your customer's ICC Number on each "For Hire" application.

My Illinois Oversize/Overweight Permit Account Number is:

--	--	--	--	--

My ICC Number is:

--	--	--	--	--	--

(please enter a two to six digit number only)

If you prefer to not register your ICC Number with the Permit Office then check the box next to the statement below.

I will type my ICC Number on each "For Hire" permit. ☐
